BELT BUCKLE

2025 WHOLESALE E-CATALOG

Western • Vintage • Custom

Welcome to the Indiana Metal Craft Belt Buckle Collection

Since 1975, Indiana Metal Craft has been proudly handcrafting premium belt buckles—the very first product that began our story. What started as a small workshop dedicated to quality and creativity has grown into a legacy of American craftsmanship and timeless design.

Each buckle in this collection reflects that same heritage—carefully cast, finished by hand, and built to last. Whether you're celebrating achievements, honoring tradition, or creating custom designs for your organization or event, our buckles are made to carry meaning, pride, and craftsmanship in every detail.

Aubrey Vincent Beardsley (21 August 1872 – 16 March 1898) was an English illustrator and author. His drawings in black ink, influenced by the style of Japanese woodcuts, emphasized the grotesque, the decadent, and the erotic. He was a leading figure in the Aesthetic movement which also included Oscar Wilde and James A. McNeill Whistler. Beardsley's contribution to the development of the Art Nouveau and poster styles was significant, despite the brevity of his career before his early death from tuberculosis.
